HIGH LIMIT ACCIDENT INSURANCE

ACCIDENTS – THE UNIQUE HAZARD

Sickness, with its usual warning symptoms allows some lead time to prepare for the emotional and economic consequences that follow.

ACCIDENTS STRIKE WITHOUT WARNING!

Medical and Disability Insurance often fall short of covering the costs inherent with accidental bodily injuries and inadequately compensate for the specific losses of limb, sight, speech and hearing.

Life Insurance proceeds are seldom adequate to cover the financial loss due to death.

THE ACCIDENT HAZARD IS SUFFICIENTLY UNIQUE TO MERIT SPECIFIC INSURANCE.

HIGH LIMIT ACCIDENT INSURANCE

The Accident Hazard

Who Buys High Limit Accident Insurance?

- **Business Firms**, to offset the loss of a key employee. To compensate families of employees for loss of income due to accidental death or permanent disability.
- **Professional Firms**, to offset the temporary and long term financial aspects of accidental death or accidental bodily injury to a Principal of the firm.
We insure the hands of surgeons, famous musicians and athletes against accidental injury that would impair their dexterity.
- **Educators and students**, to protect parents or sponsors against loss due to accidents while traveling or while living away from home.
- **Travelers**, on business or on pleasure trips anywhere in the world.
- **War Correspondents**, or military families.
- **Tour Groups**, while on recreational or sporting trips such as skiing, scuba diving, sky diving or bungee jumping.
- **Government Agencies and Programs.**
- **Fraternal and Religious Activities.**
- **Individuals and Families.**

Unlike sickness, which usually gives warning symptoms so there is time to prepare for emotional and financial consequences, accidents strike without warning.

Medical insurance and disability insurance do not adequately compensate for SPECIFIC LOSSES of limbs, sight, hearing or speech.

Life insurance proceeds are seldom adequate for these needs.

The accident hazard is sufficiently unique that it merits extra insurance protection.

BENEFITS

- **Dismemberment** includes the loss of use of both hands or feet, or one hand and one foot, or the loss of sight of both eyes. The Principal Sum Benefit is paid for these losses. One half the Principal Sum amount will be paid in the event of the loss of sight of one eye, the loss of use of one hand or one foot, the hearing of both ears or the ability to speak.
- **Permanent Disability** pays the Principal Sum Benefit if the Insured has been totally disabled from an accident for a 365-day Period and at the end of such period it is determined by competent medical authority that the Insured will not recover from the effects of the sustained injuries to the extent of ever being able to resume the material and substantial duties of the Insured's occupation.

The Underwriters reserve the right to have the Insured examined by a physician of their choice. Should their physician and the Insured's physician not be able to agree that the Insured is totally and permanently disabled, the two physicians shall name a third physician to make a decision on the matter which shall be final and binding.

*The Principal Sum is the maximum payable loss resulting from a single accident.
In the case of multiple losses the largest benefit amount will be paid.*
